

## LIAISON MEMORANDUM NUMBER 16-12

**To:** Agency Liaison and Payroll Officers

**From:** Cindy Rougeou  
Executive Director

**Re:** Educating Early Career Members on LASERS

**Date:** April 21, 2016

---

LASERS recognizes that educating new state employees on the benefits available to them is both vital and beneficial for members and agencies. The LASERS Retirement Education Department is developing a plan to specifically target the education of early career state employees (those in their first 18 months of state service), and we would appreciate information from you on how we can best reach out to these members.

[Please take a moment to complete this brief survey](#) on your agency's employee orientation opportunities. Providing your contact information in the survey will be helpful for us to contact you with any follow-up questions we may have, or perhaps to reach out to use your agency for pilot presentations in the coming months.

LASERS greatly appreciates your time, and thanks you for continuing to work with us to educate state employees on LASERS benefits.
